

Thank you for your interest in donating an in-kind item or hosting a donation drive to help support the basic essential needs of the women and children impacted by domestic violence. The items you purchase for your house are the same items women and children need when they enter into the Residential Program at The Women's Safe House. Your in-kind donations help maintain the organization's ability to provide essential items for women and children who may have fled to safety with limited belongings. Therefore, your new and gently used items are appreciated!

Please Note: The Women's Safe House has limited transportation accessibility for donation pickup. Donations are picked up on **Friday's from 9:30 am to 10:00 am** at Tower Grove Baptist Church parking lot, 4257 Magnolia Ave, St. Louis, MO 63110. Please call our In-Kind donation line [314\) 772-4535 ext. 107](tel:3147724535) and leave a message and we will call you back to confirm pickup.

We are currently accepting items for the SUMMER season (no winter items).
