

October is Domestic Violence Awareness Month!

Every October, The Women's Safe House and community members across the nation observe Domestic Violence Awareness Month by honoring those who have lost their lives, celebrating those who have survived, and spreading awareness throughout our communities. Show your support for victims and survivors of domestic violence, and The Women's Safe House, by joining us throughout October to raise awareness. For more details on upcoming events, visit: <http://twsh.org/events/>

Thank you for a successful golf tournament!

On Monday, August 21, 2017, TWSH held its 25th annual Donna F. Boxx Golf Tournament—Building a better future for women and children at The Courses at Forest Park. It was a resounding success with 169 golfers playing throughout the day.

The annual tournament serves as our second largest fundraiser of the year raising over \$45,000.00.

We would like to thank everyone that came out for a great day of golf and a special thanks to all of sponsors, volunteers and golfers.

Thank you to our sponsors
